WSDOT Ferries Division will change the sailing schedule on the Edmonds/Kingston route beginning on Sunday, January 4, 2009. These changes are necessary to help:

- Manage increased traffic
- Improve on-time performance
- Ensure that we meet security requirements
- Conserve fuel

We will also implement the two minute rule on this route beginning January 4, 2009. Walk-on passengers and drivers must be on board two minutes before departure, no exceptions. This change will also help improve our on-time performance.

Please let us know if you have any questions or concerns about these changes:
